LETTER FROM NEW YORK

(FROM OUR REGULAR CORRESPONDENT)

New York, Dec 18, 1867

CONDITION OF TRADE

Since my last letter, there has been a terrible "trembling among the dry bones" of trade—as there have been earthquakes, volcanoes and tornadoes among the rock-bound ribs of earth Almost a commercial panic seems impending throughout the country. For the past six months there has been manifest a steady increase of a feeling of insecurity in business circles. And among the many failures or suspensions which have occurred, it is a marked fact that in no other six months of the commercial history of America, has the percentage of heavy and prominent houses been so large. Many suspensions and some failures are reported during the past month, at half a million to two millions each, while small houses have seemed to enjoy comparative immunity. Goods, both domestic and imported, are selling at less in currency than the cost of manufacture in gold, and in a majority of cases in this city, manufacturers and jobbers are doing business at a loss. There is no disguising the fact that business stands trembling on the threshold of 1868, and if some relief does not come in the financial policy of the country, the year will prove memorable in commercial history as an era of panic and bankruptcy, to which 1857 will be counted a trifle

In breadstuffs and edibles, no symptoms of reduction in prices are manifest, and the prospect of a market for all the surplus wheat and flour raised in California and Oregon, is fully equal to that of last spring Wages cannot be materially reduced therefore, without producing great distress and suffering among the laboring classes.

The prices which just now prevail in the dry-goods market may interest your readers. The following are rates within the last week, at the large auction sales, from which prices are regulated in this city .

Brown Sheetings—2¼ yds. wide, 40 to 50 cents; 2 yds. wide, 30 cents; 1¼ yds. wide, 23 cents; 40 inches wide, 13 to 17 cents

Bleached Muslins—Best New York mills, 27 idots, Wam[illegible], 20 cents, large quantities from [illegible] mills 18 down to 7 cents per yard.

Prints—[illegible], 14 to 12½ cents; [illegible] Amoskeag, Hamilton and others, 12½ to 11 cents; Lowell, 10½ cents , some cheap prints at 9 to 7 cents.

Brown Drills—16½ to 12½ cents per yard.

Cloth Cambrics—6½ to 7 cents.

Denims—[illegible] and Columbia, 27½ cents; Otis and Lewiston, 25 to 20 cents; Brown, 15 to 12½ cents.

Canton Flannels—White Chicopee, 12½ cents, Pemberton, Hamilton, etc , 30 to 21 cents; Globe and Suffolk, 18 to 16 cents.

Wool Flannels—[illegible] all wool 46 [illegible] Cocheco and other mills. 40 down to 28 cents per yard.

In other goods, we notice [illegible] at 20 to 18 cents, Merinos, 74 to 80 cents; Empress cloth, 66 cents; all wool poplins, 43 to 68 cents; [illegible] inch [illegible], $1 20 to $1 00; 30 inch silk velvet, $3 87 to $4; [illegible] 1 yard wide, 62½ to 75 cents; Birdseye diaper, 23 [illegible]; Merino square shawls, $6; ditto long, $4 25 to $6 50; Rich Broche shawls, from $16 to $140, and less than cost. Gloves of all kinds are in abundance, and sold at a sacrifice

From the foregoing schedule the ladies may see that the day of cheaper prices is revolving round again. Think of splendid Merrimac prints selling at 12½ cents per yard in the month of December, A. D. 1867.

TALK ABOUT TIN.

In the world of mining interests which finds its center in, and revolves around New York, just now tin discoveries in the State of Missouri is attracting attention. Although this metal has been known from the earliest authentic records of civilization, and has entered largely into various uses of manufacture and of commerce, it is curious that the tin mines producing quantities sufficient to be worked, have been known to exist in only three or four localities on the globe. As far back as we find mention of various metals in the Sacred Scriptures, among the vessels described by Moses, those made of tin are named. In *Numbers*, chapter 31, *verse* 22, is written: "Only the gold, and the silver, the brass, the iron and the tin and the lead, everything that may abide the fire, ye shall make go through the fire and it shall be clean." The most ancient alchemists had some knowledge of this metal and its valuable uses, but from whence their supply came, history fails to afford any authentic information At as early a period as a thousand years before the birth of Christ, the Phoenicians traded with the inhabitants of the British Isles for this metal, which was without doubt obtained principally from the mines of Cornwall, England. We have no record of any other tin mining of so long duration, and this locality is apparently inexhaustible. The quality of Cornwall tin is so superior and unvarying that it gives the product of these mines a preference in the markets of the world over all others Next to Cornwall, stand the mines of *Banca*, an island in the Malay or East Indian Archipelago, lying between Borneo and Sumatra. The product of these mines is known in commerce as *Banca tin*, the amount annually exported having reached as high as 6,000 tons. The imports of tin into the United States during the year 1866 exceeded $5,000,000 in value, of which about three fourths came from England Tin in small crystals of the oxides has been found in a few places in Massachusetts and New York, and has been known to exist in small traces in Missouri In 1864 or 1865 specimens or small nuggets of *wood* or *stream tin* were gathered by miners in Jordan Creek in Idaho Territory, many of which were exhibited in this city. But not until the spring of 1867 has this metal been found in America, in quantities sufficiently abundant to warrant working upon a large scale.

The discoveries made by Dr Albert C. Roch of St. Louis, in a district of Madison county in the State of Missouri, located about twenty miles southeast of Pilot Knob and the town of Ironton, warrant the belief that we shall shortly have in our own country, mines of tin which will rival the famous Cornwall, and perhaps materially alter the market values of this metal. During the years 1866 and 1867 the standard prices of tin varied from 21 to 28 cents per pound in gold, with a duty of 25 per cent, *ad valorem* bringing the price up to 40 or 50 cents in currency.

The mines of Cornwall are worked at a depth of over 2,000 feet, and in ores yielding only half of one per cent to four per cent of metal. The Missouri ores, by several assays and processes of working have shown a presence of four to seven per cent of tin, and a bar of the native metal was exhibited at the late St. Louis Agricultural and Mechanical fair, which took a prize of a hundred dollars.

From our own examination of this ore or rock bearing tin, in Missouri, and our observations among the mineralogical fields of Oregon, we entertain the opinion that a faithful geological and mineralogical exploration of your State will some day develope the presence of tin in the Cascade range of mountains. Twenty or even fifty thousand dollars outlay by the Legislature of your young State in this work, if judiciously expended, will repay one hundred fold in developing the growth the prosperity, the wealth, and the good name of Oregon. The danger to be feared is, that through favoritism or party zeal, or ignorance of legislators, some charlatan or speculator may get into the position of State Geologist, and prostitute the labors and discoveries of his office to his own mercenary purposes

Even certain college bred ex-professors graduating from the highest schools of New England who have filled like positions in some Western States have proven no better than quacks and have been most intent on "putting money in their purse" at the expense of the State which gave them confidence.

Professor Wiseboy from Buncomb College, who has explored at a fat salary all the gold and silver mines of Colorado, ElDorado and Every-other-do, will for a check of five or ten thousand, prepare and certify a most gorgeous report upon any lode or vein from South Pass to the Golden Gate

LETTER FROM SAN FRANCISCO.

SAN FRANCISCO, Jan. 7, 1868.

EDITOR OREGONIAN:

Not wishing to be considered selfish, I take a favorable opportunity to exhaust myself of a few items not wholly uninteresting, I trust, to your readers—picked up by one who is "lying around loose," in this gay metropolis.

OREGON RAILROAD MATTERS.

I had a letter of introduction to Jas. P. Flint, of the firm of Flint & Peabody, in this city, and after a long interview with him, I have come to the conclusion that we have not judged correctly of Messrs. Elliott & Perine's Willamette railroad scheme. Mr. Elliott is succeeding remarkably well East, in obtaining funds and material with which he expects to build the road. He has the confidence of the prominent railroad men there, who are energetic in assisting him, and they have already placed matters in a condition that bids fair for a consummation we all earnestly wish for.

There is no doubt whatever but a large amount of good iron rails and locomotives and other material, have been shipped and will be immediately used in Oregon upon its arrival, and that fifty miles of the road will be completed before next year.

I told Mr. Flint that the people of the Willamette valley were in favor of a railroad and would assist any company, provided they had confidence in the integrity of those who are at the head of an organization to build a railroad there; that a rumor had obtained credence that Messrs. Elliott & Co. only wished to obtain the handling of the bonds, to sell them for what they would bring in the Eastern market, pocket the proceeds and leave us out "in the wet and cold;" that this was the reason why our people, for the present, exhibited so much apathy to their undertaking. He expressed surprise at this rumor against Messrs. Elliott & Perine, and stated that from the best information he had from prominent men East, including his partner, Mr. Peabody, that he has every assurance that Mr. Elliott is acting in good faith, is honest and energetic, and will succeed in all his [illegible].

From the whole tenor of Mr. Flint's conversation, I have no doubt that Messrs. Flint & Peabody expect to have a big finger in our railroad pie, that all parties will make money out of the transaction, and that Elliott & Perine's Company will push the road through immediately. Mr. Brooks, the engineer, and his corps of assistants, together with railroad builders, with whom I have conversed, tell me they are under contract to go to Oregon and immediately commence operations. There are many merchants here who know something of our railroad matters and give Messrs. Elliott & Perine good recommendations, and say that they will push matters through to a complete [illegible].

This is all the information I have been able to pick up, and I give it to you for what it is worth and leave you and your [illegible] to judge what it [illegible] to.

THE HOLIDAYS.

The weather has been horrible worse than the much abused Oregon mists; for the climate here is not as healthy; the rains are warm and the Web-feet down here are sneezing, coughing and I may say, cursing. We hear of the Italian [illegible] and beautiful climate! but true to California's inordinate style of exaggeration, it is all in their fertile imagination for I have been here two months, and if it were not for the webs would have been drowned ere this!

The retail dealers complain that the season was not as good as they expected. They attribute their falling off in holiday receipts to the bad weather, but the fact of the matter is, money does not lie around loose in such profusion as formerly. The Californians only now cut a big splurge after they have taken down a number of "Oregon Flats," and even these [illegible] are every day growing fewer by [illegible] and beautifully less.

GRAIN AND FLOUR.

I have been to the Corn Exchange, but could understand very little of what took place. They deal in what is to me a dead language, notwithstanding I swallowed frequent potations of corn to enlighten my understanding. However, after the meeting of the Board, I was shown some letters which would lead to the belief that already too much wheat has been exported from this market, that there will be a scarcity in the staff of life in this State, "but you know we can obtain supplies from your State." Of course you can. By the by Mr., what would you all do if Oregon wheat was not to be depended on?

[illegible] AND OREGONIANS.

There are quite a number of Oregonians sojourning here for the winter and a number have permanently established themselves and are doing well. Messrs. Thompson, [illegible], Grave, McCully and Lingo look rather dilapidated and disgusted, for they have to keep indoors, it has been so disagreeable. If they were not ashamed of returning home in too big a hurry they would leave immediately. Your correspondent is nearly stewed, is a mere shadow compared to what he was in Oregon. The hotels are horrible. They have one big pot partitioned off, and all the partitions are diaphanous,—full of holes, so that when the grub is dealt out, turkey, [illegible], chicken and the [illegible] all taste alike. The ladies dress extravagantly at dinner and [illegible] when they walk on Montgomery street.

AMUSEMENTS

Are of the highly [illegible] order, poor [illegible] with a great deal of highly colored [illegible]. At the Metropolitan Theatre the Flying Scud has been played nightly to immense audiences. The piece consists mainly of an expose of the tricks played on a race track, and is gotten up to make an immense exhibit of a large number of starving [illegible]. At Maguire's Opera House the Webb sisters are drawing large houses. They are rather pleasing [illegible] of the [illegible] and burlesque order. But I must come to a close, for I'm off to the Cliff House, as the sun has just made his first appearance in [illegible] days. Yours, etc.,

MEDIOUS.

MATTERS ABOUT DALLAS.—DESCRIPTION OF THE TOWN AND ITS INDUSTRIES. POLITICS AND THE JONES FAMILY.

DALLAS, OREGON, Jan. 21, 1868.

[illegible]:

Our town is situated on the south bank of the Rickreal, a beautiful stream issuing from the Coast mountains [illegible] west of here. The crystal waters come leaping down through one of the finest and most productive portions of Oregon. Dallas is a town of [illegible] five [illegible] people, containing the following business houses, and "places of pleasure," viz: Six dry goods stores, one grocery and provision store, and one sink of perdition in the shape of the lowest kind of "doggery," whose proprietor, (who intends to go to California before the grand jury sits) deals out his stuff by the drinks, *without license*. The Supreme Court of our State having legalized gambling, one wishing to take chances in the game "where fortune to the fickle die is bound," can get into this [illegible] at any time and get fleeced by the fellows who are "[illegible]" for the den of iniquity. At this place for some time past things have been represented quite lively. The unreconstructed, Confederate Democracy have congregated there during the cold weather to do honor to the "lost cause" by drinking, gambling, singing [illegible] songs, etc., mingling the entertainment occasionally with a black eye. And to make things as lively and entertaining as possible, bowie knives and revolvers have flourished amazingly. A Union man had justice meted out to him for getting into this disreputable company. As the story comes to me, he went in to see the sights, and thought he would take a game. The hungry Confeds., not satisfied with the fair thing, began the game of cold-handed swindling. Visitor not liking this, thought to make his "hand bring all it called for," drew his revolver, and being a novice in such manly arts, pointed the weapon directly at his own foot and fired, the ball taking effect pretty seriously; and he is now paying roundly for his adventure. Returning from this excursion, I remark that our town has also two wagon shops, three blacksmith shops, one hotel, one livery stable, with another in course of erection, one drug store, one tin shop, one furniture shop, one tan yard, one boot and shoe shop, one gun shop, one watch tinker, and one photograph gallery. This being the county-seat, of course the court house and jail are here. The court house is an [illegible] building, costing about ten thousand dollars. The public school here is established on a very judicious and satisfactory plan. It was organized ten or twelve years ago, and chartered by the Legislature under the name of "La Creole Academic Institute," the charter providing that the school should not be under the supervision of any sect or religious denomination. Several years after the organization of the school, after the land originally donated had been sold for town lots and the money applied, two of our most worthy citizens, Messrs. Robb and Tibbets, donated several thousand dollars for the benefit of the Institute. The Methodists have a church and parsonage here, and are the most numerous religious sect in the place. Mr. Jenkins, the pastor, is an active man and a zealous Christian. The Southern Methodists have an organization here, but no building. They use the Baptist and Christian church, which bodies have a house in conjunction. The I. O. O. F. have this season erected a beautiful brick hall. The I. O. G. T. are doing well here. New accessions are made every evening. They have a very neat hall, fitted up with all the fixtures and everything complete, pertaining to the order.

There is at this place a splendid water power, occupied by a flouring mill of a very inferior sort. This power, with proper skill and energy, might become a great source of wealth to any capitalist who should see fit to supply it in any branch of manufacturing. But at present it is almost useless. Where the Rickreal issues from the mountains, is a very superior water power, employed by the Ellendale Woolen Mills, which are doing a good business manufacturing flannel, blankets and cloth. Mr. Moore, the present Superintendent, proposes soon to have this mill running upon the most improved Eastern style. Mr. Worsley, the former Superintendent, is going, I understand, to the Dalles, to supervise the work there. I am informed that the Ellendale mill has a contract for $20,000 worth of goods for the Indian Department. It will not be "shoddy."

The railroad has not excited many here yet, though considerable "loose talk" is going the rounds. Judge Whitson does much responsible talking by way of admonition and encouragement. The Judge is alive to the interests of the people and the railroad, though the time for the people to become interested up here has not come. When the road is actually commenced at Portland or Eugene, the is the time the people at intermediate points will begin to realize that the road is not all talk.

"Politics" are very quiet in Polk at present. All that can be heard from the Democracy is an occasional growl from some sorehead over Mr. Casserly's election. Everything they claim as purely Democratic, but for all that somehow this man don't go down with a majority of the Simon-pures in this county.

In last week's issue of the *Unionist* the editor makes some remarks about the "Jones family," in which one man named Riley figures considerably. I want to say that at that time I was in the military service, and myself had more than one conversation with Riley, and can be a witness that he told me all and more than is asserted by the *Unionist*. Old Polk also knows something of the Jones family, and when he speaks of Union men being at their meetings, and almost running or falling over them when going out, it is so I know, for I am one who was there. Mr. Jones, you must not ask me any questions, for I may tell things you are not desirous of hearing. You talked fire, devastation and bloodshed, then, and "fizzled." You can talk it now. You can't scare any old grandmother's cat. G.

NEW TO-DAY.

525 MILES

OF THE

UNION PACIFIC RAILROAD

Running West from Omaha

ACROSS THE CONTINENT,

ARE NOW COMPLETED.

THIS BRINGS THE LINE TO THE EASTERN BASE of the Rocky Mountains, and it is expected that the track will be laid thirty miles further, to Evans Pass, the highest point on the road, by January. The maximum grade from the foot of the mountains to the summit is but eighty feet to the mile, while that of many eastern roads is over one hundred. Work in the rock-cuttings on the western slope will continue through the winter, and there is now no reason to doubt that the entire grand line to the Pacific will be open for business in 1870.

The means provided for the construction of this Great National Work are ample. The United States grants its Six Per Cent. Bonds at the rate of from $16,000 to $48,000 per mile, for which it takes a *second lien* as security, and receives payment to a large if not to the full extent of its claim in services. These bonds are issued as each twenty mile section is finished, and after it has been examined by the United States Commissioners and pronounced to be in all respects a first-class road, thoroughly supplied with depots, repair-shops, stations, and all the necessary rolling stock and other equipments.

The United States also makes a donation of 12,800 acres of land to the mile, which will be a source of large revenue to the Company. Much of this land in the Platte Valley is among the most fertile in the world, and other large portions are covered with heavy pine forests and abound in coal of the best quality.

The Company is also authorized to issue its own First Mortgage Bonds to an amount equal to the issue of the Government and no more. Hon. E. D. Morgan and Hon. Oakes Ames are Trustees for the Bondholders, and deliver the bonds to the Company only as the work progresses, so that they always represent an actual and productive value.

The authorized capital of the Company is One Hundred Million Dollars, of which over five millions have been paid in upon the work already done.

EARNINGS OF THE COMPANY.

At present, the profits of the Company are derived only from its local traffic, but this is already much more than sufficient to pay the interest on all the Bonds the Company can issue, if not another mile were built. It is not doubted that when the road is completed the through traffic of the only line connecting the Atlantic and Pacific States will be large beyond precedent, and, as there will be no competition, it can always be done at profitable rates.

It will be noticed that the Union Pacific Railroad is, in fact, a *Government Work*, built under the supervision of Government officers, and to a large extent with Government money, and that its bonds are issued under Government direction. It is believed that no similar security is so carefully guarded, and certainly no other is issued upon a larger or more valuable property. As the Company's

FIRST MORTGAGE BONDS

are offered for the present at 90 CENTS ON THE DOLLAR, they are the cheapest security in the market, being more than 15 per cent. lower than U. S. Stocks. They pay

SIX PER CENT. IN GOLD,

or over [illegible] PER CENT. upon the investment. Subscriptions will be received in Portland by

FIRST NATIONAL BANK,

and in New York at the Company's Office, No. 20 Nassau street, and by

CLARK, DODGE & CO., Bankers, No. 51 Wall st.,

and by the Company's advertised Agents throughout the United States. Remittances should be made in drafts or other funds par in New York, and the bonds will be sent free of charge by return express.

A NEW PAMPHLET AND MAP, showing the Progress of the Work, Resources for Construction, and Value of Bonds, may be obtained at the Company's Offices or of its advertised Agents, or will be sent free on application.

JOHN J. CISCO, Treasurer, New York.

ARRIVAL OF THE STEAMER'S MAIL.—Mr. W. F. Williams who started from this city last Sunday morning to reach the [illegible] steamer and bring up her letter mail, arrived back Saturday afternoon at half past three o'clock, having been [illegible] a little more than five days. He left here in company with Messrs. Fuller and O'Connor, [illegible] for Wells, Fargo & Co., and traveled with them on the down trip and on the return as far as St. [illegible], where they separated, Mr. Williams coming on [illegible]. On the down trip the party traveled on [illegible] first [illegible] miles, and then made their way overland or on the ice or by boat, according to circumstances. They went over the mountains from St. Helens [illegible], pursuing a trail which has never been but little traveled. For four hours during the night after leaving St. Helens, the party were in snow from six inches to a foot in depth which obscured the trail totally, and the darkness prevented their seeing the "blazes" on the [illegible] they had [illegible], the man who [illegible] out the trail, they could find [illegible] only by [illegible] on the trees for the [illegible]. Arriving at Rainier they took a light [illegible] boat in which they [illegible] where the ice was open and which they [illegible] over the ice where it was blocked up. Mr. W. says the party is [illegible] to Mr. H. N. Rice who lives nearly opposite Oak Point, for material [illegible] down the river. Below Rainier the ice was found to be rotten and dangerous. They went some twenty-five or [illegible] miles below the steamer, [illegible] they learned [illegible] being told that the steamer had passed [illegible] lying in a slough above, they retraced their steps and [illegible] the steamer about 11 o'clock [illegible]. They remained that day [illegible], when Capt. Thorn brought the [illegible] of the slough and [illegible] up the river [illegible] the floating ice, till she ran [illegible] on the foot [illegible] between Oak Point and Rainier [illegible] the Oregonian [illegible] and took the passengers and several [illegible] Mr. Williams [illegible] parted company with [illegible] the mail bag [illegible] between [illegible] the distance [illegible] the trip was [illegible] with extra[illegible] of [illegible] courage, perseverance and endurance. Mr. [illegible] reports that the passengers who came off [illegible] their way to this city. He [illegible] met and talked with Mr R. H. Cooke [illegible], Mr. David McCully and daughters, and others [illegible]. They were all in excellent health and [illegible] the delay of the steamer. Capt. [illegible] to run down to Astoria, unload and put back to San Francisco, and the [illegible] probably [illegible]. She had only about two hundred [illegible] lying at Westport, the Steward [illegible] all the [illegible] Ashland, and the [illegible] the first they got. The steamer [illegible], came up to Astoria on Thursday to Rainier. The brig [illegible] in the ice at Rainier [illegible]. When cut [illegible] her to Astoria, [illegible] the weather [illegible] at the first favorable opportunity. From [illegible] river is open, that [illegible] is limited [illegible] ice. There is [illegible] and the river is [illegible] everywhere above that [illegible].

[illegible]—Dr. W. K. [illegible], last evening, [illegible] a lot of silk worm eggs, he had just received from Mr. L. Prevost, the leading silk culturist of California [illegible] for the [illegible] of [illegible] for the coming [illegible]. For that purpose [illegible] procured cuttings and small trees of [illegible] of the mulberry, on the leaves of which silk worms thrive best. His experiment will necessarily [illegible], but will, no doubt, sufficiently test the [illegible] feasibility of silk culture in this climate. [illegible] trees in all its varieties grows well here as [illegible] cultivated, and we can see no reason why the [illegible] would not do well. Dr. K. also [illegible] Mr. Prevost's [illegible] letters on silk culture in [illegible], in which he expresses the conviction that it will [illegible] one of the most important interests of [illegible]. We shall certainly hope to see the Doctor [illegible] with his experiment.

[illegible] PETITIONS.—From those who have been canvassing, and other sources, we learn that fully [illegible] of our [illegible] men and [illegible] heartily [illegible] the main proposition in the [illegible] in the Council, that the city will guarantee the interest on $250,000 of the Company's bonds [illegible] by the [illegible] of the main [illegible] to the details of the [illegible] and the prosecution of the enterprise. To [illegible] which [illegible] not all be [illegible], the committee [illegible] it was [illegible] will prepare proper [illegible] which will amply guard the [illegible] of the city [illegible] time, no one need hesitate to sign the [illegible] the Council will undoubtedly perfect the ordinance in all its details. The names obtained yesterday [illegible] of our best men, many of them very heavy tax-payers.

HELD TO ANSWER.—The [illegible] of the charge [illegible] Lyon, [illegible] with a dangerous weapon, upon [illegible] was [illegible] yesterday afternoon and [illegible] was held to answer in the Circuit Court [illegible] in $500. The [illegible] was considerable [illegible] as to which of the parties [illegible] the general tenor of the [illegible] that the [illegible] being at [illegible] poker. The [illegible] was a long and thorough one, most of the [illegible] and as to all the [illegible] in the prosecution [illegible] during a part of the [illegible] Hill and Page. Mr. Cronin defended [illegible] to the counsel on both sides to say [illegible] ably and [illegible].

[illegible] WEATHER.—Yesterday forenoon a fine snow [illegible]. Later in the day this changed to [illegible] rain. The latter was decidedly cold [illegible] drove all the skaters in, except a few of the most [illegible] dark the rain changed again to sleet which froze as fast as it fell, and at dark the boys were skating everywhere on the [illegible]. The wind [illegible] to change a number of [illegible] between morning and night, as though it [illegible] any [illegible]. One [illegible] speaking of this, said the wind had changed twelve times in twelve hours, by count, but he probably counted each change three [illegible] over. At the least, the day was very uncertain, on its weather side.

[illegible] will be held in the Churches of this city to-morrow as follows. Trinity, at 10:30 A. M. and 7 P. M., by the pastor, Rev. Mr. Stoy. Presbyterian, at the same hours, by the Rev. Mr. Harding. Methodist, at the same hours, by Rev. Mr. [illegible]. Congregational, same hours, by Rev. Mr. Atkinson. First Unitarian at 10:30 A. M. and 3 P. M., by Rev. Mr. [illegible] mass at 8 A. M.; vespers at [illegible] high mass at 10:30 P. M., [illegible] by Rev. [illegible].

[illegible].—We learn, from a correspondent [illegible], that Capt. E. G. Adams [illegible] Dec. 30th, a lodge of ten charter members, under the name of "Star of the Sea" Lodge. [illegible] are the officers: McKenney Tawes, W. C. T.; Mrs. Mary Tawes, W. V. T.; John Cutting, W. S.; [illegible] Poole, W. F. S.; Godfrey Picard, W. T.; Anthony Nuelen, W. M.; William Clark, W. I. G.; Charles Wilson, W. O. G.; John Ibbotson, W. C.; George W. [illegible], P. W. C. T. and Lodge Deputy.

[illegible] LARCENY.—Chapman, the blanket thief, was arraigned yesterday before the Recorder, on the charge of petit larceny, to which he pleaded guilty and was sentenced to confinement in the county jail twenty-five days. He said the officers had been after him, and seemed to be so anxious to have a case, that he stole the blankets to give them one. The probability is that he was hard up, was too lazy to work, and stole the blankets in order to secure board in the jail.

COLD WEATHER OUT SOUTH.—Capt. J. M. McCall writes us a letter, Jan. 18th, from Ashland Mills, Jackson county, [illegible] he says: "We have had cold weather [illegible] ten days. Thermometer as low as 4° [illegible] stock raisers are feeling anxious about the [illegible]. [illegible] seem to be suffering most. [illegible], the wind is from the south with a prospect of a [illegible] in the weather."

ARRIVAL OF THE STEAMER EXPRESS.—Mr. Fuller, Express [illegible] for Wells, Fargo & Co., who went down to the steamer, returned last evening, reaching this city at [illegible] five o'clock. He brought the letters, [illegible] Mr. O'Connor back with some heavier matter. The latter arrived some hours later. Some account of their trip, as related by Mr. Williams, will be found in [illegible] column.

[illegible].—The steamer *Enterprise* from the Upper Willamette came down the river yesterday and succeeded in breaking a channel through the gorge of ice from Rock Island to the basin at Oregon City. It is probable that, by Monday, navigation will be practicable from this city, through to Corvallis. The *Alert* will be engaged [illegible] in making a channel.

[illegible], are detained in the post office here, for want of prepaid postage: Alfred L. Sewell, Chicago; John P. Haines, Crescent City, Cal; S. N. Jeffries, Bethel, Oregon; H. Jackson, [illegible]; Thos. Cunns, Salem; Jas. Embry, Salem; Joe Young, Oregon City; Miss Phebe Skinner, Eugene City.

ICE IN THE COLUMBIA RIVER.—Mr. Cann reports the Columbia river frozen up from the Dalles to the Cascades and all the way below Cape Horn as far as he could see the river. Above Celilo, the ice is gorged and piled up to the height of forty feet.

A BROKEN ANKLE.—A lady residing with Mrs. Geary, on Third street, met with a severe accident yesterday. In attempting to [illegible] a stairway she fell and dislocated and fractured one of her ankles.

THE OTHER END OF THE RAILROAD.—The Shasta Courier publishes a notice of Wm. Magee, who says he has received a notice from the U. S. land office at Marysville, informing him of the survey and location of the California and Oregon railroad up to the point, two miles east of Reid's ferry, near Churn creek, opposite Shasta.

PURIM BALL.—At a meeting of Oregon Lodge, No. 65, Independent Order of B'nai B'rith, held last evening, the preliminary arrangements were made for a Purim Ball, to be given at Oro Fino Hall, March 9th. From what we learn of the arrangements made and to be made, this may be expected to be *the* ball of the season.

EXPRESS AND MAIL DEPARTURE.—Mr. Cann, Express Messenger, and Mr. Biskeny, mail carrier, will start for the Dalles to-morrow morning. The Express and mails will be closed this evening, the former at the usual hour of closing the office and the latter at half past seven o'clock.

FROM THE NORTH.

VICTORIA, Jan. 24.—The schooner *Alert*, from New Archangel Jan. 6th, arrived yesterday. The U. S. men-of-war *Resaca* and *Jamestown*, and the bark *Milan* were to sail for Port Townsend on the 12th inst. The bark *Buena Vista* was discharging stores and three Russian vessels were lying at anchor in the harbor. The weather had been cold and clear, but there had been no gales since November last. The officers and soldiers of the garrison and the citizens were in good health. The steamer *Emma*, of Victoria, arrived on the 4th of January after a passage of 18 days. The schooner *Growler*, of Victoria, had also arrived at New Archangel.

CAPITOL, OLYMPIA, Dec. 11th, 1867

DR. GROSE, Portland—Sir: I have been in the habit of using the "HENLEY ROYAL BALSAM" in my family, who reside at Wallula, Walla Walla county, W. T. I am now at Olympia, attending the present session of the Legislature, and the climate is so different from that of Walla Walla county that I have taken cold, and I have endeavored to purchase some of the medicine here but was unable to do so. Please send a bottle up immediately by mail. I have used nothing else in my family and cannot get along without it. Yours truly,

SHATTERED CONSTITUTIONS RESTORED by HELMBOLD'S EXTRACT BUCHU.

MARTIN LUTHER once thought he saw the devil in his chamber, and threw an inkstand at his head. Had they had in those days AYER'S PILLS to exorcise all the devils that come from a disordered stomach, his laughable fright would not have become a matter of history.

HELMBOLD'S EXTRACT BUCHU gives health and vigor to the frame and bloom to the pallid cheek. Debility is accompanied by many alarming symptoms, and if no treatment is submitted to, consumption, insanity, or epileptic fits ensue.

DR. HOSTETTER'S STOMACH BITTERS should be in the possession of everybody in the mining region. As a preventive of various dangerous diseases to which the gold seeker is liable, it has no superior. While it is quite palatable even as a beverage, it is speedy and powerful in its effects upon the system. In all cases of diarrhea, dysentery and the prevailing fevers consequent upon exposure, the Bitters will be found invaluable as a corrective. No man should enter upon the exposed camp life of a miner without being provided with Hostetter's preventive of stomach disease, nor should any of those who are now engaged in the occupation, fail to have recourse to the Bitters.—Sold by all druggists and dealers everywhere.

HODGE, CALEF & CO., Agents,
Portland, Oregon.

HELMBOLD'S EXTRACT BUCHU and IMPROVED ROSE WASH cures secret and delicate disorders in all their stages, at little expense, little or no change in diet, no inconvenience and no exposure. It is pleasant in taste and odor, immediate in its action and free from all injurious properties.

HELMBOLD'S FLUID EXTRACT BUCHU

Is a certain cure for diseases of the BLADDER, KIDNEYS, GRAVEL, DROPSY, ORGANIC WEAKNESS, FEMALE COMPLAINTS, GENERAL DEBILITY,

and all diseases of the URINARY ORGANS,

whether existing in MALE OR FEMALE,

from whatever cause originating and no matter of HOW LONG STANDING.

Diseases of these organs require the use of a diuretic.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources and the

HEALTH AND HAPPINESS,

and that of Posterity, depends upon prompt use of a reliable remedy.

HELMBOLD'S EXTRACT BUCHU,

Established upwards of 18 years, prepared by
H. T. HELMBOLD, Druggist,
594 Broadway, New York, and
jan6d1m 104 South 10th Street, Philadelphia, Pa.

DR. G. W. COOL,

DENTIST.

THOSE WHO DESIRE FIRST-CLASS DENTAL SERVICES might do well to give him a call. He is making a NEW AND IMPROVED VULCANITE PLATE. The nature of his improvement consists in lining the entire concave surface with fine gold. It makes the plate twice as strong and one-third times thinner than the common vulcanite plate. It also prevents the acids of the mouth from roughing the plate and from turning it black, which is a common occurrence. One half of the common vulcanite plates turn black after being in use a short time, particularly where tobacco is used for smoking. This new style of plate admits of a very fine finish on the concave or palate surface. His office is the only place where such work can be had. The improvement is his own invention, for which he has received, December 3d, 1867, a patent from the United States Patent Office. He has been making this style of work for the last two and a half years, and has specimens of the work which can be seen at his office. This work has given satisfaction in every case.

PERRY DAVIS' VEGETABLE PAIN KILLER.

THE UNIVERSAL REMEDY FOR INTERNAL AND EXTERNAL COMPLAINTS.

At this period there are but few of the human race unacquainted with the merits of the Pain Killer; but while some extol it as a liniment, they know but little of its power in easing pain when taken internally, while others use it internally with great success, but are equally ignorant of its healing virtues when applied externally. We therefore wish to say to all that it is equally successful whether used internally or externally, and it stands alone unrivalled by all the great catalogue of Family Medicines, and its sale is universal and immense. The demand for it from India and other foreign countries is equal to the demand at home, and it has become known in these far off places by its merits.

TAKE NO MORE UNPLEASANT AND UNSAFE REMEDIES for unpleasant and dangerous diseases. Use HELMBOLD'S EXTRACT BUCHU AND IMPROVED ROSE WASH.

OFFICE AND RESIDENCE—Southwest corner F. at and Yamhill Streets, opposite R. J. Northrup & Co.'s Hardware Store.

Extracting Teeth by Dr. Richardson's apparatus, with Ether Spray, is local in its application, the tooth and surrounding parts only becoming insensible to pain. Those suffering from bad teeth can now have them removed free from pain and without the effects of inhaling chloroform, ether or nitrous oxyde (laughing gas.)

N. B.—To strangers I would say, that a constantly increasing Dental Practice for the last five years in this city, will be a sufficient guarantee for them to receive a First-Class and Finished Piece of Work. Numerous testimonials to the same can be given at the office.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged quality of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of those consumers, the very flattering though unwilling testimony of the counterfeiters. WEEKLY REVIEW.

PORTLAND FRIDAY, Jan 24, 1868

In the present blockaded condition of the country [illegible] on commercial affairs would be little better than [illegible]. This city remains cut off from steamer communication with the country in all directions, and there is consequently no trade at all in the jobbing line either in produce or merchandise. Even the retail trade within the city is inconsiderable. Business of all kinds, save alone, a few domestic manufactures may be stated as at a dead stand. The inspiriting news of an improved wheat and flour market at San Francisco, falls flat here because nothing can be done till the ice blockade shall be raised. We have no changes whatever to note in prices, and all quotations in the jobbing list are nominal.

The latest financial news from the east is under date Jan. 19th, when gold at New York was 138⅞ and Legal Tenders, at San Francisco, were 72@73.

The only topic of great interest discussed among our people, just now, is the proposition to give the credit of the city in aid of the Oregon Central Railroad. The ordinance introduced for that purpose in the Common Council [illegible] been laid before our readers. Petitions praying the Council to adopt the Ordinance, have been in circulation throughout the city for several days, and it is [illegible] that nearly all the capitalists and property [illegible] are signing it. A liberal policy in aid of this [illegible] cannot fail to be repaid many times over in the increased values of all species of property, and the [illegible] of population and sources of local [illegible].

SAN FRANCISCO MARKETS.—The Sacramento Union of the 11th inst. has a review of the San Francisco markets, [illegible] the 9th, from which we quote the following:

The General Market has been tolerably active for this season of the year. Candles continue weak, with a [illegible] in prices. The *Golden City* brought 800 [illegible] via the Isthmus. Coffee has been in better [illegible] of an advance. Quite ex[illegible] of Rio have been made at 19½c. Coal is [illegible] Dry Goods and Clothing are [illegible] low prices, with but few buyers. [illegible] this line are unsaleable except at [illegible] are dull, scarcely any [illegible] the general belief being that it must be [illegible] in price than at present. Oregon Salmon is offering at $7 50 ₱ bbl. Fruits are exceedingly flat since the [illegible] the only kind in request; 212 [illegible] by the *Moses Taylor*, were taken up at once at [illegible] in price. Oils are quite [illegible] been sold at 47½@48½c, and [illegible]. Rice is decidedly lower. [illegible] China brought [illegible] only a [illegible] been exported; still prices are up [illegible] 300 boxes [illegible] sold at 51½c ₱ lb [illegible] of the refineries [illegible] there will be a reduction in rates [illegible] with heavy [illegible] 300,000 gallons [illegible] stock in the hands of the trade. HIRAM SMITH'S

Ophthalmic Panacea!

IN BRINGING THE ABOVE-NAMED NEW REMEDY to the notice of the Public, the Proprietor begs to state a few facts in relation to it, as follows:

It originated in Prussia, where the science of Medicine is so thoroughly taught and practised, but owing to the poverty of its discoverer its wonderful properties were not known beyond the limited circle of his acquaintances, in which, however, it proved itself absolutely infallible in eradicating disease from the eyes.

He immigrated to this country, bringing his discovery with him, but seems to have been indifferent to the propriety of giving it general and wide-spread circulation, and, as previously in his native country, seemed only desirous of using it among his friends and neighbors.

The present proprietor was one of those neighbors, and for many years was a witness to its wonderful efficacy, and, after ineffectual efforts to persuade the inventor to more widely disseminate the knowledge of its virtues, finally became himself the p[illegible] of the s[illegible] of its preparation.

And now, while he does not deny that he hopes and expects to make money by its sale, he must yet lay claim to a desire to benefit his fellows by presenting to them a remedy *which does and will cure where medical science and all experience have failed.*

He wishes it to be understood that it will cure *all* diseases of the eye, whether of recent or long standing; but its greatest power is exhibited when it is applied to old *Chronic Cases* of long standing, which have resisted every other attempt to cure them, and which have been given up as hopeless and past being cured or relieved.

He asks those afflicted in this way to give it a trial, and so confident is he of its success that he instructs all his agents TO REFUND THE MONEY IF IT FAILS TO CURE.

It has, within the past year, cured cases of GRANULATED LIDS, INFLAMMATION, &c., of FIVE, SIX, NINE, FIFTEEN and SEVENTEEN YEARS STANDING evidence of which fact is furnished in the testimony of the following persons, living at and in the neighborhood of Harrisburg, Linn county:

ALEXANDER L. WALKER was cured of inflamed eyes, of nine years standing. Had been treated by eminent physicians during all that time without effect.

Mrs. MONTGOMERY, of Harrisburg, had inflamed eyes for over two years. For one year they were so bad that she could not work. Was finally completely cured by the Ophthalmic Panacea.

E. B MOORE of the firm of Moore, Garst & Baber, of Harrisburg, had granulated lids for six years.

NATHANIEL BELL, of Clackamas county, had inflamed eyes—a bad case—for over fifteen years.

ROBERT RAMPEY and W D PORTER, of Harrisburg; JOHN M. HOLLOWAY, of Linn County; G. H WARD, of Lane County, were all afflicted, more or less severely, with diseased eyes, and were cured by the Ophthalmic Panacea.

All the above named persons have given lengthy testimonials to the facts as above stated, which may be seen at the proprietor's office in Harrisburg.

CARD.

DR BARLOW J SMITH'S WATER CURE AND Phrenological Institute, 627 Sacramento Street, San Francisco. This is the only Regular Water Cure in Francisco, where all curable diseases are treated without drugs. Dr Smith was the first to establish a water cure on this coast, based upon the theory and practice of the New York Hydropathic College.

We have a truly healthful boarding place for men, women and children, and our prices are moderate.

The Phrenological organs plainly indicate the diseases to which any person, male or female, is predisposed.

Put this card in your hat, and when you come to San Francisco, call on Dr. Smith. He will give you consultation and a phrenological examination in regard to health. It will cost you nothing and may save you months and years of ill health and "bad luck."

Dr Smith gives free lectures to gentlemen every Friday evening, on subjects pertaining to health, at his Phrenological Hall, 627 Sacramento Street.

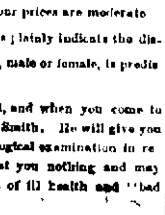
TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary.



616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, [illegible] Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

[illegible] Diseases.

How many thousands of [illegible] both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies, see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of [illegible] physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these harmful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

TO THE LADIES.

The various complicated and distressing diseases incident to females, treated with eminent success. Such as Suppressions, Irregularities, Whites, Falling of the Womb, Tumors, all Urinary Diseases, Nervous Debility, Painful or Difficult Menstruation, Barrenness, etc, will be speedily cured, without poisonous drugs, injuries or unpalatable medicines of any kind. Have no delicacy in calling, no difference what your troubles may be. The afflicted are cordially invited to call and satisfy themselves.

Persons calling at Dr. Gibbon's office or sending for packages of medicines, may rely upon his assurances of confidential secrecy with implicit faith, and expect no more than to be charged with, a fair, and mutually satisfactory remuneration for services rendered, considering the circumstances and difficulties of cases, rather than a too prevalent and selfish practice of extortion [illegible] quacks and pretenders.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 252

REMEMBER TO PUT BOX 252 ON THE LETTER. Consultations FREE.

☞ Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*.

DR. J. C. YOUNG,

Medical and Surgical INSTITUTE.

- *** *CONSULTATION, IN ALL CASES, FREE.*
- *** *CURES GUARANTEED, OR NO PAY REQUIRED.*
- *** *IN ALL CASES WHERE CONFIDENCE IS REQUIRED THE UTMOST SECRESY MAINTAINED.*

The above rules, established by Dr. J. C. Young in 1850, and which have done so much to secure the reputation of this Institute, are still adhered to, affording those in need of medical aid, the certainty of cure and the utmost confidence.

There is nothing of so great importance to the sick as to know where to find a physician whose skill and humanity give assurance of proper and delicate treatment. The Doctor would respectfully call the attention of those of both sexes who are suffering or in trouble to the invariable success that has marked the career of the Institute in the [illegible] years of its existence.

It is unnecessary in this connection to enumerate all the complaints treated at the Institute, but the Doctor feels it his duty to call especial attention to that terrible scourge,

SEMINAL WEAKNESS,

That is sapping with its insidiousness the very life of its victims; in the treatment and cure of which the Institute has earned so enviable a reputation.

READ! READ!

I am aware that by dwelling upon so uninviting a subject as the decay of manly vigor through the loss of the vital principle of life, the ignorant may asperse my motive; but the desire to point out to those who suffer, languish and decay, the true cause of their affliction, is too great an incentive to be forced into abeyance. How extended the terrible disease of Seminal Weakness is, no one but the practical specialist who devotes his time to its treatment can tell, but its presence can be detected by the most [illegible] by noting the following symptoms. Weakness of the back and limbs; languishing feelings, loss of muscular power, nervousness, irritability, cold feet or hands, accompanied by hot head; symptoms of [illegible] short breath; the flushings of the face; aversion to society; confusion of the mind; loss of memory; nightly emissions; colorless; slight discharges upon the least excitement; trembling; palpitation of the heart, irregular appetite; variable temper, etc.

YOUNG MAN, if you experience any of the various symptoms enumerated above, pause to consider. The present is the golden moment in which you may [illegible] health and happiness. You may feel strong now, but if you have ever practiced the vice of self-abuse even in the slightest degree, you have the seeds of weakness in your system, and their undermining influence will, sooner or later, dash the fair edifice of your strength to the ground, leaving you a helpless, abject being. It is not a [illegible] that declares itself at once. Therein lies its greatest danger; for while the patient is being treated for some affection of the Heart, Lungs, Brain, or Digestive functions, he sinks into a general debility that soon adds him to the list of the victims of the terrible disorder, Seminal Weakness.

See in the best form and languishing steps, the poor victim of the fascinating vice! Mark the course of the destructive complaint in the hollow cheek and dull eye!

Drowsiness is one of the premonitory symptoms. At first it is easily shaken off, but it grows eventually into a great disinclination to pursue his regular business. The mind [illegible] apprehensive, and restless nights [illegible] days of depression.

It is the nature of the complaint to [illegible] changes that leave the poor victim but little hope of recovery. In a single instant it may wither your fond hopes and blast your honest aspirations.

Marriage is sought by a natural impulse, as a hope of relief. This is an error of the first magnitude, for the system, unprepared for the exigencies of the [illegible], suddenly fails, and he finds himself in a deplorable condition, from which there is but the slightest hope of recovery. Or if the marriage should result in offspring, they are puny, distorted, decrepid, and degenerate. This is applicable to both sexes, whether married or single, and to all [illegible] of life.

Do not delay if you feel any of the symptoms of the terrible complaint, or if your acts have been such as to lead to them, but by instant application secure to yourself the only hope of health and happiness. The Doctor uses no mercury or other deleterious drugs [illegible] cures, when taken in time, always guaranteed, and full and proper vigor restored.

The [illegible] are [illegible] of every [illegible].

PERSONS AFFLICTED WITH VENEREAL.

During the seventeen years since the establishment of the Institute, the number of cases of Venereal that have been treated, show a record unsurpassed by any hospital in the world, and the success that has invariably marked the course of treatment,

Without Mercury or other Deleterious Drugs,

Shows conclusively the use of them to be not only uncalled for, but actually dangerous, for it is a thoroughly established medical principle that those poisonous drugs, by entering the blood, ruin the constitution and destroy life.

The Doctor effects a cure in recent cases, in a few days, and finds no difficulty in curing those of long duration, without submitting the patient to such treatment as will draw upon him the slightest suspicion, or oblige him to neglect his business, whether in-doors or without. The diet need not be changed. Cures always guaranteed, or no pay required.

IMPORTANT TO FEMALES.

When a female is in trouble or afflicted with disease, and requires medical or surgical assistance, the inquiry should be, "Where is there a physician competent to administer relief, and whose respectable standing in society will recommend him to the confidence of the community?" The Doctor, understanding how imperatively necessary these requirements are, feels called upon to interpose, and by calling the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice —both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous or designing. Therefore, families can rely upon him as upon a father. All in affliction can find in him one who can feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed—consultation by letter or otherwise, free. Cures guaranteed in all weakness and trouble incidental to the sex. Private apartments are provided, when desired, where can be had all the advantages of unremitted attention of the Doctor, and the most skillful and and faithful nurses.

TO CORRESPONDENTS.—Persons, either male or female, residing in the interior, are often deterred from consulting the Doctor because they cannot spare the time, nor incur the expense of a visit to the city. To such he would say that a plain statement of the symptoms and information bearing upon the complaint, will enable him to prescribe for them so that they can be cured at home. None need have any false delicacy about writing, no matter what the nature of their complaint, as the communication will be seen by no one except the Doctor, and will be treated with the utmost confidence, and either be returned or destroyed.

☞ Consultation Free.
